Welcome to Week 6!

From the Principal

Transition Week

Transition week is an exciting time for students. It is an opportunity to get a feel for their next phase in the learning journey. This week our year 7 students are spending 4 days at the high school where they will get to meet staff, students and engage in lessons. Our new receptions in 2019 have their last transition day today. Their transition has taken place over the last 4 weeks with increasing amounts of time. As for the other transition points for students, they had a day in their new classrooms today; getting to meet new teachers and students.

WADLI News

The Junior Wadli students have been learning about "Bush Tucker."

Last Thursday we went up to the Discovery Garden and found our very own Bush Tucker growing.

We have a Quondong Tree or otherwise known as Wild Peach growing and laden with fruit.

The children picked some of the fruit and tried it. Some liked it, others thought it wasn't very nice!

We also got to have a look at the lovely stone inside the fruit.

Wild Peach tastes yummy in a pie!
