Dear Parents/Carers

As you are aware coronavirus is creating a large amount of anxiety around Australia and world. I would like to assure families that the education department is constantly reviewing best practice for PPS with regular updates and guidelines.

At a school level we are encouraging students to wash hands and use a sanitiser (non-alcohol) when entering the classroom.

We have a number of people wishing to volunteer at the school. For this to happen a 'Working with Children check' is required. This is FREE to do. Just search 'SA Working with Children check' and complete application.

We have unfortunately had some vandalism and drinking on school grounds over the weekend and on Monday night. This appears to have been done by a group of young adults. Thank you to the concerned community member who called the police but unfortunately the culprits vanished.

It is sad, at a time when we are working on improving the school grounds, that there are those who feel it is ok to destroy our children's play spaces. If you are aware of who these people are please contact the school or the police.

Last weeks student free day allowed for teachers to gain additional insight on moderating student learning to ensure school grades at PPS were aligned with other schools across Australia. We also listened to guest speakers on how to support student writing in a positive way.

If your children are away from school for any reason please encourage reading as this will help in building a stronger learning foundation for your child.

Regards
Edward

P.S Don't forget to wash those hands for at least 20 seconds
