## **Peterborough's Beliefs about Curriculum, Teaching and Learning**

### **Know every child and learn together**

All students can learn

All students are respected and valued

All students are exposed to high expectations with reflection and celebration of learning

Learning should be engaging, relevant and fun with instant feedback - positive and constructive

Students play an active role in their educational journey

Everyone learns differently

Being literate and numerate is key to lifelong success

Promote and develop positive respectful relationships

Students learn best when there is a partnership between home and school
